

# Rosebud Manufacturing Co., Inc.

## *Commitment to Environmental Stewardship*

Rosebud Manufacturing Co., Inc. is a manufacturer of kitchen cabinetry, commercial casework and lodging room furniture. Rosebud recognizes the importance of protecting the environment and using our resources responsibly. We exercise care in the selection and use of energy and raw materials. Our products are constructed with “green” materials that comply with the ESP (Environmental Stewardship Program) guidelines of the Kitchen Cabinet Manufacturers Association (KCMA).

We ensure that all of our products conform to safety, environmental and quality standards. Compliant materials include (but are not limited to) particle board formaldehyde emission level of the CPA EPPS 2-06, and HPVA HP-1 for plywood. Wood finishes V.O.C. limits are set by South Coast Air Quality Management District Rule 1113 for clear wood finishes. Please contact Rosebud for copies of technical product data sheets by manufacturer.

Rosebud is committed to reducing the environmental footprint of our operations and providing products that enable our customers to reduce the environmental impact of the buildings they create.
